Temperature Log Book

In commercial kitchens each fridge, freezer or cold cabinet should have its own temperature log/record book. The log book has a wipe clean cover and contains six months' supply of easy to use record sheets.
Each log book allows the user to enter three readings per day consisting of the temperature, time and initials of the person responsible for recording the data.

Order Code	Description
831-100	A5 Temperature Log Book
831-105	A5 log books – pack of 10

Protective silicone boots

Protect your instruments against accidental damage by fitting them with a protective boot. We offer a wide range of protective silicone boots tailored to fit most of our instruments. Selected boots are now available in red, yellow, blue, green and white.
